1. The following is an examiner's statement of reasons for allowance: Applicant shows a dosage form comprised of an outer wall defining an interior compartment, a therapeutic agent within the interior compartment, at least one laser formed exit orifice in the outer wall and a distinct barrier layer. Various multi-walled dosage forms are shown in the prior art of record. The prior art does not show nor fairly suggest a dosage form comprised of a barrier layer such that the layer comprises an effective amount of a material that enables the barrier layer to either reflect laser energy or transmit laser energy. The material being transparent and not absorbing said laser energy therefore would exhibit little or no laser ablation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1-9 and 13-15 are allowed.

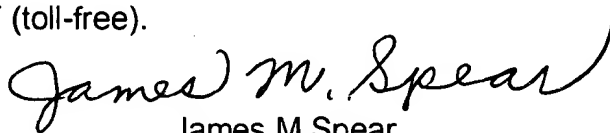

Claims 10-12 and 16-26 have been canceled.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James M Spear whose telephone number is 571 272 0605. The examiner can normally be reached on Monday thru Friday from 6:30 AM to 3 PM.
